

SYNLAIT NETWORKING TOUR

Synlait hosted Waikato Chamber of Commerce members at their Pokeno manufacturing facility for a site tour and networking event in May 2023.

Synlait Feedback

"The event showcased our state-of-the-art manufacturing facility. The Waikato Chamber of Commerce team took care of the logistics, which made for a seamless event with many useful meetings and conversations among members who attended.

Synlait is a new member, and we appreciate the opportunity to make new connections in our local community."

Hannah Lynch

Head of Strategy & Corporate Affairs

Guest Feedback

"I thought it was a brilliant day. I have done a few tours of various factories over the years and this one was the best. Mainly due to the factory being very well set out for viewing while remaining quiet. Most tours that I have been on are very loud so you can't actually hear what is being said by the guide"

Michael Hicks

ASB Bank

"I found the event fantastic. A chance to see Synlait's operation plus a good chance to network with old clients and meet some new people. The mix of 50% tour and 50% networking was perfect"

Jo Faber

Westpac Bank
